Dear Friends,

Here, I would like to share our Pride as “Gymkhana Club Affiliation Board”, which established to enhance the “Legacy of Gymkhana Club ” globally which were started in 1866 during British Raj in India.

Since **153 years of the glorious journey of this Legacy**, those times of imperial India and to continue such majesty, we are taking initiative for first and last time in the history of our club services to expand chain of luxury clubbing and hospitality worldwide.

**Gymkhana Club** is working enthusiastically, to become **World Leader in club affiliation & members exchange services in association with “Gymkhana Club Affiliation Board”** to create a land mark in the field of hospitality with coherent concept to facilitate our Gymkhana club members, to experience Lifestyles & Luxuries of different locations all over world with their only membership taken from anywhere in the world.

According to one survey, 66 Gymkhana Clubs are established in India but after independence nobody worked to improvise this sector. We have observed that club culture has become a major need of society and they want high grade luxury clubbing with modern facilities like us. So we need at least 900 branches of Gymkhana Clubs in India. Around 90 Lac peoples from elite and intellectual class including N.R.I.'s which can take membership of Gymkhana Club at any cost, if they get this opportunity.

**The Legacy of Gymkhana club is to be inherited and gifted to new generations.** **Gymkhana Club Affiliation Board** are inviting affiliation for most awaited Gymkhana Clubs and Resorts in 900 different cities all over the globe, due to this initiative, 12 Lac new memberships will open across the India.

I believe, this initiative will become landmark in infrastructure development of India and also will be helpful to projections of our **Hon'ble Prime-minister Sh. Narendra Modi's** “Make in India”, “Swach Bharat Abhiyan”, “Sabka Sath Sabka Vikas Sabka Vishwas” etc.

In this regards, we would like to offer you to become our Franchisee or to start Joint Venture to open Branch of Gymkhana Club in your city with your city name. We look forward, to building a strong business relationship in future.

**Q17. What will be the membership fee of Gymkhana Club?**

## Benefits to Partner from Joint Venture

1. This will amplify your **high prestige in the society** and local administration. This will benefit you by giving you opportunities to expose yourself to the elites.
2. You will be benefitted time to time **assuring you the refund of invested amount** and even after that day; still you will be **getting 70% share in Club** always.
3. You will also be a **partner of 70% in the Club property**, which will gradually come to an unexpectedly higher rate.
4. As soon as the club will get funds collected from membership, **Local partner will get his margin money back but his share will remain as same always in Joint Venture Company.** Partner's Margin money will be paid back after the club get operational.
5. The estimated establishment cost in the city would be approx. Rs. 50 - 200 Cr as per city category.
6. Though, you have numerous earning options, membership fees can be the biggest opportunity. Prevailing clubs have their membership fees around Rs. 10 - 50 lakh, then after people are not getting the deserved facilities. You yourself can survey and try, that will help you to get an idea about the predicaments.
7. Such clubs have members around 1000 - 10000, members keeps on coming and going. 80% of members take their membership to show off their living standards and hence don't visit clubs. We can assume if Rs. 7 lakh is membership fees and hope that indulgence of even 2000 members will result in Rs. 140 Cr. of collection (non-refundable).
8. Special attention will be given to ladies special membership. Per head membership will cost Rs. 10,000, we aim for 1000 memberships. This will also generate profit (non-refundable). Estimated profit would be around Rs.1 Cr. This will also be a source of additional income on renewal of membership every year.
9. We also propose Senior citizen membership, which will be specially focussed, cost of membership will be Rs. 50,000 we aim for 1000 members at least. This will again give profit that will be non-refundable. We aim around Rs. 5Cr. This membership will also seek renewal of membership every year.
10. **Estimated Outcome Profit from distinguished memberships.**

From Family membership	-	140 Cr.
From Ladies Special membership	-	1 Cr.
From Senior Citizen membership	-	5 Cr.
<b>Total</b>	-	<b>146 Cr.</b>
11. Suppose if we do not receive Rs. 146 Cr. as expectation but if at least the invested money is been recovered than that, which is "non-refundable" will give us assured profit. It's would be a win-win situation for us. If we work enthusiastically, we can get major benefits when Club will get operational.  
**Note: if memberships came slowly during the construction, in that case construction cost will get recovered and we can have some additional money as profit.**
12. Area required for establishment is about 5-10 acres depending upon the requirement of the city
